Edgerton Support Group offered by the Alzheimer's Support Center Of Rock County, Inc.

Edgerton, WI –The Alzheimer's Support Center of Rock Co., Inc. offers a support group for caregivers the third Wednesday of each month from 1p.m. to 2 p.m. at the Edgerton Library at 101 Albion Street in Edgerton. No reservations are necessary to attend the event.

Care giving is hard. Being responsible for the health and well-being of another individual is a trying task sometimes, especially when that individual is a loved one. It is no wonder that those caring on a daily basis for a parent, spouse, or other family member can feel isolated and lost, thinking no one could possibly understand the situation. Many caregivers ultimately experience depression or a feeling of hopelessness about their loved one's diagnosis. But there is help, found through the Alzheimer's Support center of Rock County and area support groups.
